Dir Sir:

P. J. Fitzpatrick, Inc. is the most professional organization I have ever encountered. From appraisal to proposal, to job execution, to followup, first class all the way.

It has been more than a year and a half since we had new gutters installed, and I needed a readjustment in the downspout extensions to keep water out of my basement. I agonized for a few days about how I would correct the problem. I even visited Home Depot to look at materials. I realized that no matter how much I tried by myself, it would not be right. I did not have the tools or the skills to do the job correctly.

I made a call to P. J. Fitzpatrick on a Monday afternoon, and was able to have an appointment with a technician for the next morning. Matt solved our problems in less than an hour.

Bravo, P. J. Fitzpatrick! I will recommend you every chance I get.
